COLLEGES AND SCHOOLS

University programs graduating in AY25:

Marine Corps War College

MCWAR provides a eleven-month resident program to educate selected senior officers and civilians for decision-making across the range of military operations in a joint, interagency, and multinational environment. Graduates are prepared to assume senior leadership positions of increasing complexity through the study of national military strategy, theater strategy and plans, and military support to those strategies within the context of national security policies, decision- making, objectives, and resources. Graduates who meet admission requirements earn the University's Master of Strategic Studies degree.

School of Advanced Warfighting

SAW provides an eleven-month course designed to amplify and complement the curriculum provided at the Command and Staff College. This follow-on course for select intermediate level school graduates focuses on developing decision-making skills and complex problem-solving abilities at the operational level. Graduates are certified as Marine Air-Ground Task Force Planners and earn the University's Master of Operational Studies degree.

Command and Staff College

CSC provides a ten-month course that educates and trains joint, multinational, and interagency professionals in order to produce skilled warfighting leaders able to overcome diverse 21st century security challenges. Those students who apply and meet the requirements for the degree program also earn the University's Master of Military Studies degree.

College of Distance Education and Training

CDET provides a worldwide Marine Corps network that supports the professional growth of students through Distance Education with an emphasis on warfighting, leadership, and battle-staff employment, in both joint and multinational environments, at the tactical, operational and strategic levels of warfare.

MCU HISTORY

Marine Corps University was founded on 1 August 1989, by order of the Commandant of the Marine Corps, General Alfred M. Gray, Jr. Its schools claim a much longer history, beginning in 1891 with 29 company grade officers attending the School of Application. Today's MCU is the legacy of visionary leaders of the Marine Corps: Generals John A. Lejeune, Smedley D. Butler, James C. Breckinridge, and Alfred M. Gray. The understanding of the demands of military leadership provided the drive that culminated in the establishment of Marine Corps University.

Since the founding of the School of Application in 1891 – the first resident school for Marine Corps officers – MCU has evolved and expanded to meet the emerging needs of a mobile, warfighting force. By 1921, the framework for what General John Lejeune termed the "Marine Corps Schools" was established through the creation of the Field Officers Course and the Company Grade Officers course. The commitment to amphibious warfare provided the impetus behind the development of Marine Corps science, eventually leading to the establishment of the Amphibious Warfare School. The Senior Course developed into what is now Command and Staff College, and the Junior Course became the Amphibious Warfare School, now called Expeditionary Warfare School.

The establishment of the Marine Corps War College, an academy for senior-level strategic skill development, and the emergence of the School of Advanced Warfighting, which specializes in developing superior operational planning experts, completed the University's complement of schools for Officer Professional Military Education.

While preserving the legacy of this great tradition, MCU maintains the highest level of academic excellence as proven by Joint Professional Military Education and regional accreditation by the Joint Staff and the Southern Association of Colleges and Schools Commission on Colleges.

The Marine Corps is poised on the foundation of our history, moving with confidence into a new era. MCU seeks engagement with those who share our vision of creating visionary leaders who are capable of shaping the world through the power of dynamic leadership and bold ideas.

IMS OFFICER RECOGNITION

Each year, the Commandant of the Marine Corps extends invitations to allied nations and coalition partners to have their best and brightest officers attend Marine Corps University. This year, we were extremely fortunate to have 55 exceptional officers attend from the following 37 countries from around the globe.

Argentina	Israel	Philippines
Australia	Italy	Romania
Bahrain	Japan	Saudi Arabia
Brazil	Jordan	Singapore
Canada	Republic of Korea	Slovakia
Colombia	Kuwait	Spain
Croatia	Malawi	Taiwan
Fiji	Malaysia	Thailand
France	North Macedonia	United Arab Emirates
Georgia	Mexico	United Kingdom
Germany	Netherlands	Ukraine
India	New Zealand	
Indonesia	Norway	

Distinguished International Officer Performance Award

Each of these officers has demonstrated an unwavering commitment to scholarship, collaboration, and the shared purpose that binds military leaders across nations. Through intellectual curiosity, discipline, and resilience, they have strengthened the bonds of international military education, leaving a lasting impact on their respective programs and the broader military community.

THE MARINES' HYMN

From the Halls of Montezuma
To the shores of Tripoli;
We fight our country's battles
In the air, on land, and sea;
First to fight for right and freedom
And to keep our honor clean;
We are proud to claim the title
Of United States Marine.

Our flag's unfurled to every breeze
From dawn to setting sun;
We have fought in ev'ry clime and place
Where we could take a gun;
In the snow of far-off Northern lands
And in sunny tropic scenes;
You will find us always on the job
The United States Marines

Here's health to you and to our Corps
Which we are proud to serve;
In many a strife we've fought for life
And never lost our nerve;
If the Army and the Navy
Ever look on Heaven's scenes;
They will find the streets are guarded
By United States Marines.

***“This school is a revolution...
We want to make this post and the whole Marine Corps
a great university. We want to find out who our most
capable people are and to give them opportunities
accordingly.”***
