Rationale:

When the RCLF Board considers a change in Region, a number of factors are considered. Factors such as a measured language proficiency, time spent in the region, complementary academic studies, native cultural experience, and operational experience. Please articulate these factors below as detailed as possible:

DEFENSE LANGUAGE PROFICIENCY TEST (DLPT) ILR Score in target language: **NOTE ON THE DLPT:** The Interagency Language Roundtable (ILR) scale is a set of descriptions of abilities to communicate in a language. It is the standard grading scale for language proficiency in the Federal service. The lower-level exams, available at any base Language Resource Center (LRC), determines a Marine's language proficiency on a scale of 0-3 for Listening, Reading, and the Oral Proficiency Interview (OPI). The designation of 0+, 1+, 2+, is assigned when proficiency substantially exceeds one skill level and does not fully meet the criteria for the next level. Tests can be taken in a one or two day period. Marines who desire a region change and claim a proficiency in a target language are **STRONGLY ENCOURAGED** to take the DLPT for their language at their local LRC prior to submission of the RCLF Region Change Request. Follow the link below for a list of LRC locations:
