Learning Outcomes / Related Competencies

- **leadership**

The student will be able to summarize the definition of leadership; identify leadership traits and skills critical to leadership growth; articulate the organization's vision and ethical values to aid in the execution as a leader; demonstrate practical concepts and skills needed to lead; interact with others using various communication styles; and interpret leadership challenges and cultural concerns.

ACE course reviews are conducted by faculty currently teaching at appropriately accredited colleges and universities. Faculty teams analyze the course's instructor materials, student materials, and assessments to determine if the content, scope, and rigor align to current postsecondary curricula. A minimum of 3 faculty evaluators must achieve consensus on credit recommendations. Please see Faculty Evaluators - Home Page for more information.
