

## INTRODUCTION

Adobe Connect is a tool used to assist with real-time and recorded presentations, online training, web conferencing, learning modules, synchronous meetings, webinars, and user desktop sharing.

## USE FEATURES

- Virtual classroom/seminar
- Webinars
- Collaborative meeting rooms
- Desktop sharing
- Event streaming
- Video Teleconferencing
- Web conferencing
- Meetings

## MEETING HOST

- Create persistent and personalized meeting URLs
- Customize room templates
- Manage user participants and privileges
- Record and share meetings

**Request a Meeting Host Account\* through the MarineNet Help Desk**

<https://lms-help.marinenet.usmc.mil/jira/servicedesk/customer/portal/1>

\*Only hosts need accounts, all others can enter as guests

More Help with Adobe Connect Meetings

[https://helpx.adobe.com/adobe-connect/using/user-guide.html?topic=/adobe-connect/using/morehelp/adobe\\_connect\\_meeting.ug.js](https://helpx.adobe.com/adobe-connect/using/user-guide.html?topic=/adobe-connect/using/morehelp/adobe_connect_meeting.ug.js)

## SOME FACTS

- HTML5 interface
- Nothing for participants\* to download or install, eliminating barriers for entry
- Supported by modern web browsers including Chrome, Firefox, Edge, and Safari, as well as mobile devices
- 100 concurrent users per meeting\*\*
- Up to 20 breakout rooms per meeting
- Authorized for use on MCEN and EDU networks

\*Participants do not need accounts.

\*\*Seminar rooms can be requested and scheduled for up to 1000 concurrent users.

### Experience-Driven Learning

Create custom learning experiences that engage learners through interactivity and collaboration. Accommodate training needs with breakout rooms.

### Engagement-Led Webinars

Go beyond screen-sharing and chat with interactive content. Create micro-sites and manage engagement with polls, Q&A, status options, and chat.

### Persistent Virtual Rooms

Create persistent virtual rooms that can be customized with your own content, layouts, branding, and URL.
