WARFIGHTING

**Purpose**

To introduce students to key Marine Corps *Maneuver Warfare* concepts and the *Marine Corps Planning Process* (MCPP) to conduct operations in a complex future operating environment.

**Method**

- The **Doctrine** subcourse introduces students to key Marine Corps doctrinal concepts contained in core doctrinal publications to include MCDP 1 Warfighting, MCDP 1-0 Marine Corps Operations, and MCDP 6 Command and Control.

- The **Planning** Subcourse introduces students to the Marine Corps Planning Process through MCWP 5-10.

**Endstate**

Grounded in Marine Corps *maneuver warfare philosophy*, EWS graduates are capable of leading an OPT through the MCPP integrating all warfighting functions across a combined arms MAGTF in Naval, Joint and combined operations.
