\* Read the abstract

\* Last paragraph 2<sup>nd</sup> page most important  
-- Why? ? Why?

\* As a young officer (air-land-sea) VN

\* What have I learned since then?

\* Terrain doesn't wage wars ...  
people do with their minds.

\* The 25 year war } impression  
The Army and Vietnam } (movie platoon)

\* So what are we good at? - - -  
(logistics/technology)

\* In other words try to bury them with  
our technology and logistics system

\* Point: Our image is one of hardware<sup>(technology)</sup>  
and material (logistics)

\* Point: Our image is one of hardware  
associated with technology and material  
associated with logistics.

## "Discourse Theme"

### Methodology Process

- D/S via a many-sided implicit & explicit process of projection, empathy, correlation, and reflection

(beval this theme.)

- Reorientation as the basis to

in  
m

A social contract exists when people agree to surrender their individual freedom of action to a higher authority, on the condition that the highest authority provides for their security and well-being.

Strategic  $\Rightarrow$  orientation

tactical  $\Rightarrow$  0-0-0-A loop
