Alan Barry,

Enclosed is the copyedited version of the Clausewitz piece that IS will be publishing. Your letter reached me after I had sent the last version off, but I talked to the editor on the phone about your missive to The Airpower Journal. See what you think of footnote 56, and if you get word that Airpower Journal is going to print your letter I can add that info (or substitute it for the current wording as you wish) when the page proofs arrive in a few weeks.

Hope you are getting some respite from GWAPS or Naethrop or ~~both~~ once in a while. Take care.

Sincerely,

Alan
