* Paixhan guns.		

ARMY AND NAVY REGISTER.

It is proposed to publish QUARTERLY REGISTERS, corrected to the latest dates; and, whether official or not, they may be depended upon as accurate.

The Army Register to be issued in February, May, August, and November of each year; and to contain, besides the usual matter in the official Register, the stations of each officer, the head quarters of each regiment, the garrisons of every post and arsenal, the names of military storekeepers, chaplains, and sutlers, a list of cadets at the military academy, and such other information as may appear useful or desirable. [One reason for issuing the Army Register on the above named months, is, that the August number will contain the list of graduates of the year, and their assignment to corps or regiments.]

The Navy Register, to be issued in January, April, July, and October, will contain the matter usually found in the official Register, with the addition of the names of officers at the several yards and stations, including the civil establishments, and on board our vessels of war.

The price will be to subscribers, for the series, one dollar a year for each. Single copies 37½ cents.

The utility of these publications must be apparent to all; and for a comparatively trifling sum they may, for the future, be within the reach of every one.

WASHINGTON, OCT. 1, 1843.
