The Hospital dues, of 20 cents per month, are deducted from the pay of every officer in the Navy. The above table shows the pay allowed by law to every grade. The pay of petty officers and seamen is fixed by the President of the United States, under the authority of various laws of Congress.

"HOUSE OF REPRESENTATIVES,

February 16, 1843.

"Resolved, That in all future publications of the Army and Navy Register of the United States, there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication."

TREASURY DEPARTMENT, FOURTH AUDITOR'S OFFICE,
December 20th, 1843.

SIR,

I have the honor to transmit a report which was sometime since called for by the Department, to enable it, in the preparation of the Army and Navy Registers for the year 1844, to comply with a resolution of the House of Representatives of the 16th of February last, which requires that "in all future publications of those Registers there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants, and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication." The compilation of this Report has been an immense labor, and has been completed within the shortest practicable period. The few blanks which appear are occasioned by the want of returns from Pursers of distant vessels, and are not of much importance, since the amount received by officers on board such vessels very generally consists only of the sea-pay belonging to their rank and a commutation for their ration. The statement is made for the fiscal year, terminating on the 30th June: since if it were for the calendar year, immediately preceding the publication of the Register, it would necessarily be so imperfect as to be useless: the law allowing to Disbursing Officers within the United States three months, and to those abroad six months, after the termination of each quarter to make up and render their accounts.

I have the honor to be, sir,

Very respectfully, your obedient servant.

A. O. DAYTON.

To the Hon. DAVID HENSHAW,
Secretary of the Navy.

SEC. 4. *And be it further enacted*, That in cases of necessity the daily allowance of provisions may be diminished or varied by the discretion of the senior officer present in command, but payment shall be made to the persons whose allowance shall be thus diminished, according to the scale of prices which is or may be established for the same; but a commander who shall thus make a diminution or variation, shall report to his commanding officer, or to the Navy Department, the necessity for the same, and give to the purser written orders specifying particularly the diminution or reduction which is to be made.

SEC. 5. *And be it further enacted*, That no commissioned officer or midshipman, or any person under twenty-one years of age, shall be allowed to draw the spirit part of the daily ration; and all other persons shall be permitted to relinquish that part of their ration, under such restrictions as the President of the United States may authorize; and to every person who, by this section, is prohibited from drawing, or who may relinquish, the spirit part of his ration, there shall be paid, in lieu thereof, the value of the same in money, according to the prices which are or may be established for the same.
