At Norfolk, for the Home Squadron.

"HOUSE OF REPRESENTATIVES,
February 16, 1843.

"Resolved, *That in all future publications of the Army and Navy Register of the United States, there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication.*"

TREASURY DEPARTMENT, FOURTH AUDITOR'S OFFICE,
December 20th, 1845.

SIR,

I have the honor to transmit a report called for by the Department, to enable it, in the preparation of the Army and Navy Registers for the year 1846, to comply with a resolution of the House of Representatives of the 16th of February, 1843, which requires that "in all future publications of those Registers there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants, and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication."

The few blanks which appear are occasioned by the want of returns from Pursers of distant vessels, and are not of much importance, since the amount received by officers on board such vessels very generally consists only of the sea-pay belonging to their rank and a commutation for their ration.

The statement is made for the *fiscal* year, terminating on the 30th of June last: since if it were for the *calendar* year, immediately preceding the publication of the Register, it would necessarily be so imperfect as to be useless: the law allowing to Disbursing Officers within the United States three months, and to those abroad six months, after the termination of each quarter to make up and render their accounts.

I have the honor to be, sir,
Very respectfully, your obedient servant,
A. O. DAYTON.

To the Hon. GEORGE BANCROFT,
Secretary of the Navy.

ANNUAL PAY

Of each Officer, borne upon the Navy Register; the amount paid each for Rations, Servants and Forage; and the Gross Amount Paid or allowed in all respects for and on his account and for and during the period embraced between the 1st of July, 1844, and the 30th June 1845.

NOTE.—The sums which appear opposite the name of each officers are those which have actually been paid to him, and no account for the difference between the sums paid officers of the same grade, it is only necessary to state that officers are sometimes on duty for a portion of the year only, and on leave of absence for the remainder; consequently they may receive two rates of pay. The Hospital dues, of 20 cents per month, are deducted from the pay of every officer in the Navy. The above table shows the pay allowed by law to every grade. The pay of officers and seamen is fixed by the President of the United States, under the authority of various laws of Congress.

SEC. 3. *And be it further enacted*, That, should it be necessary to vary the above described daily allowance, it shall be lawful to substitute one pound of soft bread, or one pound of flour, or half a pound of rice, for fourteen ounces of biscuit; half a pint of wine for a gill of spirits; half a pound of rice for half a pint of beans or peas; half a pint of beans or peas for half a pound of rice.

SEC. 4. *And be it further enacted*, That in cases of necessity the daily allowance of provisions may be diminished or varied by the discretion of the senior officer present in command, but payment shall be made to the persons whose allowance shall be thus diminished, according to the scale of prices which is or may be established for the same; but a commander who shall thus make a diminution or variation, shall report to his commanding officer, or to the Navy Department, the necessity for the same, and give to the purser written order specifying particularly the diminution or reduction which is to be made.

SEC. 5. *And be it further enacted*, That no commissioned officer or midshipman, or any person under twenty one years of age, shall be allowed to draw the spirit part of the daily ration; and all other persons shall be permitted to relinquish that part of their ration, under such restrictions as the President of the United States may authorize; and to every person who, by this section, is prohibited from drawing, or who may relinquish the spirit part of his ration, there shall be paid, in lieu thereof, the value of the same in money, according to the prices which are or may be established for the same.

CIRCULAR TO MIDSHIPMEN.

As the number of Midshipmen of the date of 1841, being one hundred and eighty-six, is larger than can be conveniently examined at one time, and as the number of the date of 1842 is too small to form a separate class, all those appointed between January, 1841, and July, 1842, inclusive, will be ordered to report for examination in such numbers and at such times as the interests of the service will allow. In order, however, that an equal chance may be afforded to all, the numbers of relative merit will not be assigned until all who on these dates shall have had an opportunity of being examined.

GEORGE BANCROFT.

"HOUSE OF REPRESENTATIVES,
February 16, 1843.

"Resolved, *That in all future publications of the Army and Navy Register of the United States, there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication.*"

TREASURY DEPARTMENT, FOURTH AUDITOR'S OFFICE,
December 7th, 1846.

SIR,

I have the honor to transmit a report called for by the Department, to enable it, in the preparation of the Army and Navy Registers for the year 1847, to comply with a resolution of the House of Representatives of the 16th of February, 1843, which requires that "in all future publications of those Registers there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants, and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication."

The few blanks which appear are occasioned by the want of returns from Pursers of distant vessels, and are not of much importance, since the amount received by officers on board such vessels very generally consists only of the sea-pay belonging to their rank and a commutation for their ration.

The statement is made for the *fiscal* year, terminating on the 30th of June last: since if it were for the *calendar* year, immediately preceding the publication of the Register, it would necessarily be so imperfect as to be useless: the law allowing to Disbursing Officers within the United States three months, and to those abroad six months, after the termination of each quarter to make up and render their accounts.

I have the honor to be, sir,
Very respectfully, your obedient servant,
A. O. DAYTON.

To the Hon. J. Y. MASON,
Secretary of the Navy.

ANNUAL PAY

☞ NOTE.—The sums which appear opposite the name of each officer, are those which have actually been paid. To account for the difference between the sums paid officers of the same grade, it is only necessary to state that officers are sometimes on duty for a portion of the year only, and on leave of absence for the remainder; consequently they may receive two rates of pay. The Hospital dues, of 20 cents per month, are deducted from the pay of every officer in the Navy. The above table shows the pay allowed by law to every officer in the Navy. The pay of petty officers and seamen is fixed by the President of the United States, under the authority of various laws of Congress.

* In the "estimates" of the marine corps, *fuel* is put down at $7 per cord, and the same price is used in the above calculations.

The quantity and the monthly market price vary at different stations, and the officers receive this allowance upon a certificate of their commanding officer.

NOTE.—The allowance of $10 per month for responsibility with regard to clothing, &c., is made to—
1. The senior or commanding marine officer, in a squadron.
2. The senior or commanding officer of the marine guard on board a ship of the line, or a frigate.
3. The commanding officer of marines at head quarters, and at each of the navy yards.

NOTE.—The sea and other service affixed to the names of officers in the Register, is computed to the 1st January, 1848. Officers on the Coast Survey are allowed sea service only for the time they are actually afloat. No credit is given for service in Revenue and Merchant vessels. In the column "unemployed," is included the time between date of warrant and the date of first order from the Department for service.

NOTE.—The merits and qualifications of Passed Midshipmen Aulick and Savage were, in the estimation of the Board of Examiners, so precisely equal, that it was thought admissible to determine by *lot* who should stand number one, and the choice fell on Mr. Aulick.

CIRCULAR TO MIDSHIPMEN.

As the number of Midshipmen of the date of 1841, being one hundred and eighty-... is larger than can be conveniently examined at one time, and as the number of the date ... 1842 is too small to form a separate class, all those appointed between January, 1841, ... July, 1842, inclusive, will be ordered to report for examination in such numbers and at ... times as the interests of the service will allow. In order, however, that an equal chance may be afforded to all, the numbers of relative merit will not be assigned until all who these dates shall have had an opportunity of being examined.

"HOUSE OF REPRESENTATIVES,
February 16, 1843.

"Resolved, *That in all future publications of the Army and Navy Register of the United States, there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication.*"

TREASURY DEPARTMENT, FOURTH AUDITOR'S OFFICE,
January 15th, 1846.

SIR,

I have the honor to transmit a report called for by the Department, to enable it, in the preparation of the Army and Navy Registers for the year 1848, to comply with a resolution of the House of Representatives of the 16th of February, 1843, which requires that "in future publications of those Registers there shall be affixed opposite the name of each person published therein, in separate columns, the annual pay of such officer or person, the amount paid him for rations, servants, and forage, and the gross amount paid or allowed him in all respects for and on his account, and for and during the year preceding such publication."

The blanks which appear are occasioned by the want of returns from Pursers of [illegible] vessels, and are not of much importance, since the amount received by officers on board vessels very generally consists only of the sea-pay belonging to their rank and a commutation for their ration.

The statement is made for the *fiscal* year, terminating on the 30th of June last: since it would were for the *calendar* year, immediately preceding the publication of the Register, it would necessarily be so imperfect as to be useless: the law allowing to Disbursing Officers within the United States three months, and to those abroad six months, after the termination of each quarter to make up and render their accounts.

I have the honor to be, sir,
Very respectfully, your obedient servant,
A. O. DAYTON.

To the Hon. J. Y. MASON,
Secretary of the Navy.

☞ NOTE.—The sums which appear opposite the name of each officer, are those which have actually been paid. To account for the difference between the sums paid officers of the same grade, it is only necessary to state that officers are sometimes on duty for a portion of the year only, and on leave of absence for the remainder; consequently they may receive two rates of pay. The Hospital dues, of 20 cents per month, are deducted from the pay of every officer in the Navy. The above table shows the pay allowed by law to every grade. The pay of petty officers and seamen is fixed by the President of the United States, under the authority of various laws of Congress.

*In the "estimates" of the marine corps, *fuel* is put down at $7 per cord, and the same price is assumed in the above calculations.

The quantity and the monthly market price vary at different stations, and the officers receive this allowance upon a certificate of their commanding officer.

NOTE.—The allowance of $10 per month for responsibility with regard to clothing, &c., is made to—
1. The senior or commanding marine officer, in a squadron.
2. The senior or commanding officer of the marine guard on board a ship of the line, or a frigate.
3. The commanding officer of marines at head quarters, and at each of the navy yards.

NOTE.—The sea and other service affixed to the names of officers in the Register, is computed to the 1st January, 1849. Officers on the Coast Survey are allowed sea service for the time they are actually afloat. No credit is given for service in Revenue and Merchant vessels. In the column "unemployed," is included the time between date of warrant and the date of first order from the Department for service.

☞ The attention of officers is particularly called to the orders and regulations published at the end of the Register.

CIRCULAR TO MIDSHIPMEN.

As the number of Midshipmen of the date of 1841, being one hundred and eighty-six, is larger than can be conveniently examined at one time, and as the number of the date of 1842 is too small to form a separate class, all those appointed between January, 1841, and July, 1842, inclusive, will be ordered to report for examination in such numbers and at such times as the interests of the service will allow. In order, however, that an equal chance may be afforded to all, the numbers of relative merit will not be assigned until all within these dates shall have had an opportunity of being examined.
