AIR CONTINGENCY FORCE (ACF) 2D MARINE DIVISION

(29 DEC 89 - '7 JAN 90)

1. (S) THE FMFLANT ACF IS COMPOSED OF A REINFORCED INFANTRY BATTALION AND SUPPORT FORCES, TO INCLUDE: A COMMAND ELEMENT (ACF-CE); A LOW ALTITUDE AIR DEFENSE (LAAD) SECTION; AND A HELICOPTER DETACHMENT. IT MAY BE DEPLOYED AS AN ENTITY OR INCREMENTALLY. A FOLLOW-ON ACF(REIN) (FO-ACF) IS ALSO DESIGNATED AND MAY BE DEPLOYED AS THE SITUATION DICTATES. THE ACF-CE WILL DEPLOY WHENEVER MORE THAN ONE BATTALION IS COMMITTED TO THE CONTINGENCY SITUATION, AND MAY DEPLOY WHEN A SINGLE BATTALION IS COMMITTED.

2. (S) THE ACF IS IN ALERT CONDITION TWO AS SOON AS THEY ASSUME THE AIR CONTINGENCY MISSION. THE ACF-CE AND FO-ACF FORCES ARE IN ALERT CONDITION THREE UPON ASSUMPTION OF THE CONTINGENCY MISSION.

CONFIDENTIAL WORKING PAPER
EXERCISESTEAM SPIRIT 90
26 JAN - 25 APR 90GENERAL

TEAM SPIRIT 90 is a JCS-Directed, USCINCPAC-Sponsored, United States/Republic of Korea joint/combined field training exercise. The exercise takes place in the Western Pacific, focused on the Korean Peninsula and contiguous waters.

PURPOSE

To increase combat readiness and interoperability of Republic of Korea (ROK) and U.S. forces through training in combined/joint air, ground, amphibious, and unconventional warfare operations. Exercise objectives are as follows:

Demonstrate U.S. resolve to support the Republic of Korea against external aggression;

Allow USCINCPAC/USTRANSCOM to plan and execute strategic air and sea movement of U.S. augmenting forces using the Joint Deployment System (JDS) during the deployment, planning, execution, and redeployment phases;

Allow ROK and U.S. Forces Korea to receive U.S. augmenting and supporting forces, tactically move forces to battle and sustain forces in the field;

Enhance command and control in combined/joint operations;

Allow CINC Combined Forces Command (CFC) and CFC component commanders to train and evaluate the command's capability to execute ROK/U.S. air-land-sea battle doctrine.

CONTINGENCY FORCESAIR CONTINGENCY FORCE (ACF) II MARINE EXPEDITIONARY FORCE

(1 FEB 90 - 14 MAR 90)

1. (S) THE FMFLANT ACF IS COMPOSED OF A REINFORCED INFANTRY BATTALION AND SUPPORT FORCES, TO INCLUDE: A COMMAND ELEMENT (ACF-CE); A LOW ALTITUDE AIR DEFENSE (LAAD) SECTION; AND A HELICOPTER DETACHMENT. IT MAY BE DEPLOYED AS AN ENTITY OR INCREMENTALLY. A FOLLOW-ON ACF(REIN) (FO-ACF) IS ALSO DESIGNATED AND MAY BE DEPLOYED AS THE SITUATION DICTATES. THE ACF-CE WILL DEPLOY WHENEVER MORE THAN ONE BATTALION IS COMMITTED TO THE CONTINGENCY SITUATION, AND MAY DEPLOY WHEN A SINGLE BATTALION IS COMMITTED.
2. (S) THE ACF IS IN ALERT CONDITION TWO AS SOON AS THEY ASSUME THE AIR CONTINGENCY MISSION. THE ACF-CE AND FO-ACF FORCES ARE IN ALERT CONDITION THREE UPON ASSUMPTION OF THE CONTINGENCY MISSION.

TEAM SPIRIT 90
26 JAN - 25 APR 90

GENERAL

TEAM SPIRIT 90 is a JCS-Directed, USCINCPAC-Sponsored, United States/Republic of Korea joint/combined field training exercise. The exercise takes place in the Western Pacific, focused on the Korean Peninsula and contiguous waters.

PURPOSE

To increase combat readiness and interoperability of Republic of Korea (ROK) and U.S. forces through training in combined/joint air, ground, amphibious, and unconventional warfare operations. Exercise objectives are as follows:

Demonstrate U.S. resolve to support the Republic of Korea against external aggression;

Allow USCINCPAC/USTRANSCOM to plan and execute strategic air and sea movement of U.S. augmenting forces using the Joint Deployment System (JDS) during the deployment, planning, execution, and redeployment phases;

Allow ROK and U.S. Forces Korea to receive U.S. augmenting and supporting forces, tactically move forces to battle and sustain forces in the field;

Enhance command and control in combined/joint operations;

Allow CINC Combined Forces Command (CFC) and CFC component commanders to train and evaluate the command's capability to execute ROK/U.S. air-land-sea battle doctrine.

EXERCISES

TEAM SPIRIT 90
26 JAN - 25 APR 90

GENERAL

TEAM SPIRIT 90 is a JCS-Directed, USCINCPAC-Sponsored, United States/Republic of Korea joint/combined field training exercise. The exercise takes place in the Western Pacific, focused on the Korean Peninsula and contiguous waters.

PURPOSE

To increase combat readiness and interoperability of Republic of Korea (ROK) and U.S. forces through training in combined/joint air, ground, amphibious, and unconventional warfare operations. Exercise objectives are as follows:

Demonstrate U.S. resolve to support the Republic of Korea against external aggression;

Allow USCINCPAC/USTRANSCOM to plan and execute strategic air and sea movement of U.S. augmenting forces using the Joint Deployment System (JDS) during the deployment, planning, execution, and redeployment phases;

Allow ROK and U.S. Forces Korea to receive U.S. augmenting and supporting forces, tactically move forces to battle and sustain forces in the field;

Enhance command and control in combined/joint operations;

Allow CINC Combined Forces Command (CFC) and CFC component commanders to train and evaluate the command's capability to execute ROK/U.S. air-land-sea battle doctrine.

INFORMATION PAPER

Subj: MARINE CORPS COUNTERNARCOTICS UPDATE

1. Background. The Assistant Commandant created a Counter-Drug Working Group (CDWG) in March of 1989 to prepare a "think piece" on the future role of the Marine Corps in support of the then unpublished National Drug Strategy. The current and contemplated future counternarcotics initiatives outlined in this paper represent initiatives addressed in the "think piece." In August, a comprehensive counternarcotics update or "newsletter" was sent to all major USMC field commands, bases and stations. The intent was to focus our commanders' efforts on the war on drugs, bring them on line with regard to current information, and advise them what initiatives the Marine Corps is pursuing.

2. Current Marine Corps Initiatives

a. Law Enforcement Agency (LEA) Support

(1) The Marine Corps provides personnel and training support to the LEA's. Currently there are four Marine Officers and two Staff Noncommissioned Officers assigned to the Drug Enforcement Administration (DEA). Additionally, the Marine Corps is temporarily providing two officers to assist the DEA in developing a campaign plan for Operation Snowcap (drug lab eradication operations) and validating the training program for SNOWCAP.

(2) The Marine Corps currently provides pre-deployment training for DEA agents at MCCDC, Quantico, VA. This training prepares them for their deployments to South America in support of Operation SNOWCAP. This training is conducted on a quarterly basis.

b. Unified and Specified Commands' Counternarcotics Support. The Marine Corps provides officer and enlisted personnel to fill its share of the 237 DoD counternarcotics billets in the Unified and Specified Commands.

(1) CINCLANT (JTF-4)

(a) Aircraft Support. USMC aircraft (OV-10) support JTF-4 in their detection and monitoring missions in the Caribbean, the Gulf of Mexico, and areas off the coast of Florida.

(b) Caribbean Radar Support

1. Fourth Marine Aircraft Wing provided detection and monitoring

Subj: MARINE CORPS COUNTERNARCOTICS UPDATE

support at Georgetown on Great Exuma Island during 1st Qtr FY-90. The TPS-59 radar filled a gap until an aerostat was in place.

2. Second Marine Aircraft Wing provides detection and monitoring support to JTF-4 from the Turks and Caicos Islands in the Bahamas. Using a TPS-8 Air Force radar, these Marines have contributed to numerous U.S. Customs Service intercepts of drug-trafficking aircraft.

(c) MTT Support. A mobile training team was sent to the Bahamas to provide the Royal Bahamas Defense Force with tactical training to enhance their drug interdiction capabilities. MTTs are planned for deployment to Colombia in the near future to train the Colombian Marines in riverine operations, ordnance repair, and recruit/NCO training techniques. Additional MTTs for riverine operations are being planned for Peru and Bolivia.

(2) CINCSO

(a) Military Support to Colombia

1. Upon receipt of the JCS Execute Order, CMC issued an Execute Order to direct and coordinate USMC support to Colombia under section 506(A) of the Foreign Assistance Act.

2. In addition to providing equipment support, the Force Commanders were tasked to be prepared to provide Mobile Training Teams (MTTs) to support equipment integration. The Marine Corps has sent survey teams to Colombia in preparation for the deployment of MTT's for riverine operations, recruit training, and ordnance repair. These MTTs are scheduled to deploy during 3d Qtr FY90.

(b) Riverine Doctrine. In anticipation of MTT requirements for riverine operations in LATAM, CG MCCDC is refining current riverine doctrine, and has developed an initial concept for employment of Marine units in riverine operations. CG I MEF is developing the capability to deploy language trained MTTs for riverine training in support of the counternarcotics effort in LATAM.

(3) CINCFOR

(a) CINCFOR was assigned the mission of coordinating law enforcement agencies support on the southwest border in an effort to stem the flow of illicit narcotics into the United States. General Powell requested, and CMC agreed, that the Marine Corps should provide a Marine Liaison Officer to Forces Command at Ft. McPherson, GA to assist in their counternarcotics efforts. LtCol Tony Hilliard reported 17 November 1989.

Subj: MARINE CORPS COUNTERNARCOTICS UPDATE

(b) CINCFOR established JTF-6 at El Paso to carry out his mission. Additionally, he requested a Marine Colonel to be the Deputy Commander of JTF-6 and a Marine Lieutenant Colonel to be the J-3 Operations Officer. Colonel Tom Carter is on board as the Deputy Commander and LtCol Bill Wood is the Operations Officer. We anticipate additional personnel taskings once the JTF's manpower requirements are approved by the JCS. JTF-6 was activated for operations on 2 January 1990 and has assumed OPCON of all units deployed for training and surveillance operations along the border.

(c) Southwest Border Training. The joint training with the Border Patrol on the border now coordinated by JTF-6 was initiated by the Marine Corps in the El Paso, Tucson, Del Rio, and Laredo Border Patrol Sectors. The initial training was conducted by Marines of the I Marine Expeditionary Force (I MEF). The concept offers the unique opportunity to conduct small unit tactical training in scouting and patrolling, camouflage and concealment, land navigation/map reading, and the selection and manning of observations posts (OP's). The training has the side benefit of assisting the Border Patrol in observing and reporting smuggler activity in certain areas of the border.

1. A Memorandum of Understanding (MOU) between the Marine Corps and the Immigration and Naturalization Service/ Border Patrol was developed to cover the initial operations. This MOU outlined the parameters of the joint training and surveillance operations concept and was signed by the Commissioner of INS and the Commandant on 11 October 89. The MOU has been superseded by the activation of JTF-6 and is no longer required to provide support along the southwest border.

2. A draft joint training/operations order has been developed which documents the agreed upon structure and procedures for the concept. This document is reviewed and refined as the training progresses.

3. The first deployment of Marines to the border occurred in late November when a company (-) from 1st Reconnaissance Battalion teamed up with Border Patrol agents to occupy OPs in the Tucson and El Paso Sectors. The Marines were billeted/messed at Fort Bliss (El Paso) and Davis-Monthan AFB (Tucson). Marines did not engage in search, seizure, apprehension, or pursuit of observed drug smugglers during this training, but they did provide information to the Border Patrol which resulted in some arrests and the seizure of significant amounts of marijuana and cocaine. Fourth Marine Division (USMCR) Marines, augmented by I MEF Surveillance, Reconnaissance, and Intelligence Group (SRIG) elements to include remotely piloted vehicles (RPVs), conducted similar training in the Laredo and Del Rio Border Patrol Sectors from 29 Jan 90 to 2 Mar 90. Their efforts resulted in the arrest of three smugglers and the seizure of large amounts of marijuana.

4. Intelligence Support. Captain Bryan Lavender from I MEF was assigned TAD to the Tucson Border Patrol Sector (11-22 Sep 89) and the El Paso Border Patrol Sector (10-20 Oct 89). He was sent to offer intelligence planning

Subj: MARINE CORPS COUNTERNARCOTICS UPDATE

assistance and to aid the Sector headquarters in the formal collection, production and dissemination of tactical intelligence. Previously, there was no formal process for the fusion of the information generated from the individual Border Patrol contacts. LtCol Tom Sullivan is TAD to the Tucson Sector 25 March-8 April in a follow-up visit. LtCol Sullivan will be assisting the Border Patrol in implementation of Capt Lavender's recommendations.

(4) CINCPAC

(a) Aircraft Support. USMC aircraft (OV-10) are provided in support of JTF-5 and the U.S. Customs Service in their detection and monitoring missions.

(b) Source Country Support. Since many of the source countries in the Pacific theater are not accessible to U.S. forces, the I MEF source country counternarcotics detection, monitoring and interdiction effort will focus on Thailand and the Philippines. MTT's will be provided to train the local military and law enforcement officials in counternarcotics missions to include riverine operations if required. Marine Corps support in marijuana eradication in Hawaii is also being considered.

(c) Naval ships and aircraft will be used to detect, monitor and interdict drug-trafficking aircraft and vessels on the high seas.

c. Support to Office of National Drug Control Policy (ONDCP)

(1) One Marine Staff Noncommissioned Officer is assigned to the ONDCP staff as an Intelligence Analyst.

(2) There is one Marine Staff Noncommissioned Officer assigned to ONDCP Regional Offices in Miami, Houston, and Long Beach. They assist in coordinating equipment support requests from LEAs. On 1 April 1990, DoD will establish Regional Logistic Support Centers at Miami, El Paso, Long Beach, and Buffalo. The Marines currently assigned to Miami, Long Beach, and Houston will assist in their establishment and be replaced by logisticians upon completion of their current tour. The Marine Corps has provided a lieutenant colonel to head the Buffalo regional office.

d. Expanding MAGTF Capabilities. SECDEF tasked CINCLANT to develop a plan for the deployment of a Caribbean Counternarcotics Task Force. CG FMFLANT has developed a MAGTF concept to support this Task Force, when activated. The deployment of subject Task Force is presently on hold.

e. DEA Training Facility. At the request of the Attorney General, the Marine Corps has identified 170 acres of land adjacent to the FBI Academy at MCCDC, Quantico, VA to expand the FBI Academy to accommodate DEA training. Negotiations are taking place to effect the transfer of the land and to build a training center.

Subj: MARINE CORPS COUNTERNARCOTICS UPDATE

f. Demand-side Reduction Initiatives. The Marine Corps' internal drug abuse program is well known and has been highly successful in reducing the abuse of drugs within our ranks, but now the Corps is reaching beyond "taking care of its own" and is working with community leaders to assist them in their efforts in ridding their neighborhoods of the scourge of illicit drugs.

(1) The Assistant Commandant has appointed the Assistant Deputy Chief of Staff for Manpower and Reserve Affairs, Reserve Affairs, to direct Marine Corps demand-side initiatives with a nation-wide focus which reaches beyond the Corps and into the community.

(2) In the last year, Marines have been involved in community oriented drug prevention programs which served over 600,000 civilians. These programs include Boy/Girl/Cub Scouts, Brownies, church groups, elementary and high schools, MCJROTC, and prisons, etc. Marine Corps Substance Abuse Counselors are very much involved in the local community and are frequently called upon to give lectures on substance abuse.

(3) In order to formalize the Marine Corps' demand-side program, a Marine Corps Order entitled "Marine Corps Community Drug Education and Assistance Program" (MCCDEAP) has been published. This order provides guidance to the field on ways in which the Marine Corps and the individual Marine can be of assistance to the local community and encourages them to become involved in these programs. In coordination with MCCDEAP, we are developing a program for latchkey children (children in self-care) which will focus on both civilian and military children in and around Marine Corps bases and installations. The purpose is to provide professional guidance and keep children occupied with a developmentally appropriate curriculum which will reduce the demand for illegal drugs.

(4) The State of Maryland requested assistance in establishing a youth correctional program. The Department of Public Safety and Correctional Services requested assistance in preparing "drill instructors" for the initial phase. The request was approved by SECNAV and the Marine Corps Officer Candidate School commenced a 3 week orientation course for the 7 identified instructors on 29 Jan 90. The orientation course included organization, discipline, procedures, conduct of drill and physical training, instruction and practice on conducting inspections and establishing standards for clothing, personnel, and billeting areas, etc.; instruction on stress and harassment; and other applicable instruction and training. Assistance will be provided after this initial training of trainers to help the Department establish their own "train the trainers" course. Five of the original 7 Maryland Corrections Officers completed the training course and graduated on 21 Feb 90.

(5) Currently the Marine Corps staffs 80 MCJROTC units at high schools throughout the Nation. We are currently pursuing the establishment of an additional 23 units for a total of 103. It is planned to put these additional units at high schools in

inner cities, such as Washington, DC. The benefits provided by establishing positive role models in these schools could have a deterrent effect on the use of drugs by our high school students.

(6) On 3 Jan 90, Mr. Sterling Tucker, Director, Drug Control Policy for the District of Columbia, visited the Commandant to solicit Marine Corps support for the District's "NOT ON MY BLOCK" program. The program is designed to recapture the District's neighborhoods from the drug dealers. In order to accomplish this goal, the program will rely heavily on citizen volunteers, as well as religious, civic, and business groups participation. Some aspects of the program include neighborhood watch and cleanup activities, youth education and recreation activities, public relations campaign, and additional police assistance to eliminate the drug dealers. Mr. Tucker requested that the Marine Corps review the program and provide planning assistance to his strategy teams for program implementation. The Marine Corps agreed to review the program and has provided planning assistance as necessary.

3. The Marine Corps has set the pace in the Department of Defense in the counternarcotics effort and continues to be aggressive in assisting the President in reaching his goal of a drug-free America. The Commandant has recognized that this is a goal which we must attain, and is insisting that Marines of all ranks and in all positions in the chain of command get involved in the counternarcotics effort.
